

## CONCRETE FINISHER | VICTORIA, BC

Established in 1951, Farmer Construction has been a leader in the construction community of Vancouver Island. We specialize in our own forces work including excavations, concrete formwork, concrete placing and finishing, wood framing, as well as rough and finish carpentry. We are expanding our work force and currently hiring concrete finishers. FCL offers Union wages based on experience, 8% holiday pay, as well as pension and health benefits. We can offer stable work with room for continuous growth.

### Duties

- Placement of concrete into forms or onto surfaces according to grade, including vertical formwork such as walls and columns
- Use of bull float to fill low or remove high spots
- Operate power vibrator to consolidate concrete
- Level top surface of concrete according to grade and depth specifications using straight edge or float
- Repair, resurface, and replace worn or damaged sections of floors, walls and concrete structures

### Physical Requirements

- Able to work at heights and balance on platforms, scaffolds and decks
- Able to work alone, or as part of a team
- Able to travel within the Greater Victoria Area and/or Vancouver Island.
- Work is physically demanding
- Hardworking and able to accept direction from a supervisor
- Ability to work exposed to the elements

### Education & Experience

- 3 years + commercial concrete flatwork finishing experience
- Experience vibrating concrete for vertical placement applications
- Experience operating a concrete power finish trowel, both hand and ride-on mode
- Knowledge in trade related math, volumes and areas

**\*Apprentices are highly encouraged to apply. We will help train and provide funding for an apprenticeship in concrete finishing\***
