

CONCRETE LAYOUT PERSON | VICTORIA, BC

Established in 1951, Farmer Construction has been a leader in the construction community of Vancouver Island. We specialize in our own forces work including excavations, concrete formwork, concrete placing and finishing, wood framing, as well as rough and finish carpentry. We are expanding our work force and currently looking for a concrete layout person. This position has the opportunity to become unionized, for the right candidate. We can offer stable work with room for continuous growth.

Duties

- Use of theodolite and total station
- Read drawings for concrete/building layout

Requirements

- Able to travel within the Greater Victoria Area and/or Vancouver Island.
- Work can be physically demanding
- Reliable, hardworking and able to accept direction from a supervisor
- Ability to work exposed to the elements

Education & Experience

- 2 years' concrete layout experience
- Robotic total stations and AUTOCAD software, preferred
- Extensive knowledge of blueprints
- High attention to detail
- Strong team player
- Knowledge in trade related math, volumes and areas

Please send an active phone number as we are looking for immediate start dates.
